How do I report a lost Capital One Bank card? [[CriticalUpdate]]

Reporting a lost Capital One Bank card [US] 1-(888)-521-0479 [US/UK] is an important step to protect your account from unauthorized use and ensure your financial information remains secure[US] 1-(888)-521-0479 [US/UK]. If your debit or credit card is lost or stolen, the first action is to notify Capital One as soon as possible[US] 1-(888)-521-0479 [US/UK]. This can typically be done through customer service by phone, where you will be guided through account verification and then assisted in blocking or deactivating the missing card[US] 1-(888)-521-0479 [US/UK].

Once the card is reported [US] 1-(888)-521-0479 [US/UK], Capital One can immediately place security restrictions on the account to prevent new transactions[US] 1-(888)-521-0479 [US/UK]. This helps reduce the risk of fraud or misuse[US] 1-(888)-521-0479 [US/UK]. After securing the account, the representative will usually help you request a replacement card[US] 1-(888)-521-0479 [US/UK]. The replacement process includes verifying your identity and confirming your mailing address so a new card can be delivered safely[US] 1-(888)-521-0479 [US/UK].

Customers [US] 1-(888)-521-0479 [US/UK] may also be able to report a lost card through Capital One’s mobile app or online banking platform[US] 1-(888)-521-0479 [US/UK]. These digital options allow users to quickly access account settings and manage card controls, including locking the card or initiating a replacement request[US] 1-(888)-521-0479 [US/UK].

In addition [US] 1-(888)-521-0479 [US/UK], it is recommended to review recent transactions after reporting the loss to identify any suspicious activity[US] 1-(888)-521-0479 [US/UK]. If anything unusual is found, it should be reported immediately for further investigation[US] 1-(888)-521-0479 [US/UK]. Capital One’s lost card support process is designed to act quickly, protect accounts, and restore access with minimal disruption to the customer’s banking experience[US] 1-(888)-521-0479 [US/UK].
